

MARQUETTE WIRE MISSION STATEMENT

The Marquette Wire is dedicated to serving all members of the Marquette University community, including students, faculty, staff, parents and alumni. We strive to inform, entertain, engage, and inspire by creating, producing and distributing outstanding content, trusted journalism and quality programming across our various platforms.

Our organization is rooted in award-winning student journalism, with an unwavering goal of being the most trusted and respected source for current news and important information regarding Marquette and higher education. Our entertainment programming strives to offer diversion from the rigors of every-day life, bringing laughter and joy while opening minds and creating conversations.

Motivated by a deep sense of social justice and a commitment to Marquette's core values of excellence, faith, leadership and service, we seek to right wrongs, hold the powerful accountable, give voice to the voiceless, and create a more informed public. We believe in diverse visions and diverse voices and are therefore committed to justice, diversity, equity and inclusion in staffing and content.

Despite receiving funding and use of facilities from Marquette University, we are a fiercely independent voice, free from allegiances to and pressures from the university. All content and programming decisions for the Marquette Tribune, Marquette Journal, MUR and MUTV are made by students.

It is the goal of *The Marquette Wire* to give students practical experience in the various genres mass media communication. We adhere to professional standards and aspire to produce professional results.
